

CONFERENCE INVITATION

The Association of Hungarian PhD and DLA Students (Doktoranduszok Országos Szövetsége [DOSz]) is pleased to inform the doctoral students, doctoral candidates and master degree students, that it's annual **SPRING WIND** conference will be held in 2014.

The conference's chief patron is Dr. József Pálinkás, president of the Hungarian Academy of Sciences (MTA).

The DOSz announce its **SPRING WIND Conference**, according to the earlier years customary, the „world summit of young Hungarian researchers and doctoral students” in two languages: Hungarian and English.

Our pleasure is to invite the representatives of the higher education institutes, governmental representatives and business community, together with the colleagues interested in the topics and experts. It will be possible to introduce the scientific departments and their fields both by their theoretical and practical sides within the sections. The most outstanding papers of the sections will be introduced at the proper departments of the Hungarian Academy of Sciences.

In case of interest please (click [here](#)) for the online registration. Please send us an abstract not longer than 300 words in **English** in .rtf format (Hungarian is recommended but not required for non-Hungarian speaking students) as well to the following email address (please write **TSz 2014 abstract** into the subject field):

dosz@dosz.hu

Please give your contact information during the registration to facilitate the further communication. Without registration the organizing committee **can not** accept the abstracts.

If you do not get a reply from the committee about receiving the abstracts, please notify us via the given contacts. The abstracts will be proofread according to the scientific disciplines.

You do not have to send us your paper in both languages, only the abstract! It is fine if you write your paper only in one language.

Please check the layout requirements attached to the invitation. If you would like that your paper be published in the conference book, send it **as a 2.000 words long scientific paper till the paper submitting deadline** (please note, that the word limit includes the references and bibliography too). If the program committee accepts it after proofreading, your papers will be published in e-format online, and if we got enough financial sources, in printed edition (both together with ISBN too). Please provide us the scientific paper same as the abstracts via email (do not forget to write **TSz 2014** scientific paper into the subject field of your mail!):

dosz@dosz.hu

We shall emphasize that we could publish only those papers which were presented on the conference! The papers will be reviewed by professional proofreaders. Please note that if the proofreaders decide that a paper does not meet with the basic criteria of scholarship, we **can not** publish the paper!

Place and date of the conference:

University of Debrecen, 21-23 March 2014.

Sections of the conference:

- Administrative Studies Section
- Agricultural Studies Section
- Arts (DLA / PhD) Section
- Biological Studies Section
